Advertising clubs and all successful advertising merchants agree that the most valuable asset in any form of advertising is

Build-Up Advertising

Thus, by building up public knowledge of the name and, of course, keeping the public confidence in the goods sold, progress is made surely and business increases.

As an example, any large metropolitan store will admit that the hundreds of thousands spent in advertising are largely assets for the NAME OF THE STORE, as no single advertisement ever returns one tenth the cost of insertion in a large newspaper, in sales which can be checked up from that particular advertisement.

DIRECTORY ADVERTISING is rated on the list of best available media for local name advertising. Its small cost, plus the value of the enumerated names, gives it hearty support.

A DIRECTORY

has a large potential "consultant use,"
easily proven to be

OVER A MILLION READERS A YEAR

**ON A BASIS OF 1000 BOOKS ONLY
IN A DISTRICT**

Consider the effect of this as NAME ADVERTISING, and do not forget that the book is commonly almost the first thing seen by newcomers in a district, who need facts and information.

Why

Do So Many Advertisers Use the City Directory

Why?

Nearly every business has one or more copies.

A Growing Percentage of Homes have the special rate copy, sold for strictly home use at low cost.

No waste circulation.

The Advertisement Lives and works for a year or more.

City Directories are used many times each day.

“Reference Advertisement” is used by the buyers.

City Directories are used by buyers when in a buying mood.

The advertisement is in nearly every store, office, and factory every day of the year.

A City Directory never gets dusty — it is used too much.

The advertisement is always before the Buyer, every day.

USING OLD DIRECTORIES

Complaint has reached the publishers and the Chamber of Commerce that many persons have been sent miles out of their way and been given a wrong impression of the facilities of our city, through calling on certain non-progressive stores for the use of a City Directory. Some of these stores are said to be passing out, or allowing the use of directories two, three, four and even five years old. As the statistics show, the city registers a change of above 60 per cent in the directory reading matter in the A, B, C section every year. About two thousand new names are added and fifteen hundred erased. An average of over five thousand corrections are made in addresses, occupations, etc. Our impression is that the use of old directories ought to be stopped. If there is no law to stop it, then it is due to the intelligence of the community to expect that stores will be provided with latest editions, or cease the practice of allowing the ancient ones to be used. The public is quick to appreciate the courtesy of being allowed to use this indispensable guide to our city and the merchant or professional man who gives his customer the most reliable information to be had will not lose in reputation for being progressive. The other kind of a store with an old directory to hand out, will be rated as either behind the times in stock as well, or inattentive to the needs of its patrons. Surely the Directory is not expensive enough to warrant much argument in favor of using an old copy.

AIMS AND OBJECTIVES

Endicott is a non-profit institution controlled by a group of well-known Trustees and Advisers who have selected a faculty which, on the basis of academic attainment and competence as individuals, make a rich contribution to the junior college field.

Endicott is unique in its practical program which offers in addition to cultural subjects, guidance, training and actual experience in a vocation. The curriculum recognizes each student as a separate personality and offers to that individual a well rounded program for living.

Endicott aims to create an atmosphere that will crystallize an appreciation of spiritual values, a realization of the importance of social, athletic and extra-curricular activities as important elements in the development of personality.

Located in a beautiful campus setting of eighty-two acres on New England's attractive North Shore a few miles from Boston, it enjoys physical advantages ideally suited to its educational program.

OF COURSE

ADVERTISING COSTS MONEY

One of the stock alibis of persons who do not advertise or register their business strongly in the Directory is that advertising is an expense.

Of course it is. So is window trimming, lighting, heating, telephone service, postage, rent, cost accounting, price tags and almost everything else that helps to sell merchandise or service.

Yet no business man attempts to get along without these necessities. And most of them are advertising in one form or another.

Attractive windows are effective advertising only to those who pass the merchant's place of business. An inviting interior, good lighting arrangement and price tags reach only those who come through the door.

But no merchant who wants to maintain even his present volume of business, to say nothing of increasing it, can hope to continue for very long, in the face of advertised competition, without some aggressive program to attract NEW customers—and when getting them also serving them with a directory handy for use.

Of course it costs money to advertise. But it may easily cost more money to lose that volume of business which is necessary to operate at a profit.

TWO SERVICES

. . . and your community

In this modern age electricity and gas play a prominent part in the development of a community. Whether it be for domestic, industrial or commercial purposes, these two services stand always ready — to act and to serve at the touch or turn of a switch.

The ease and simplicity of their usage has made us accept them “as a matter of fact.” This acceptance in itself is a testimonial to their high degree of efficiency.

Walk along any street, day or night, winter or summer, and you see just the outward signs of their existence. Then realize that, at this same time, in homes, stores and factories, these services are being utilized for even wider uses upon which our everyday existence is dependent.

After thirty years of service this emblem on any Directory wherever you see it has come to stand for the best, most accurate information available at any cost.

The complete house-to-house canvass, careful editing and personal supervision of every publication, we believe, has been largely responsible for the good name of our publications. We intend to keep this high standard and better it. All we ask is your co-operation. The Directory is yours as much as ours.

Study the contents page carefully, and thoroughly — the completeness will amaze you!!

The impression that we are “well known” or that “everybody knows us” is a common fallacy of the business mind. Experts have studied the actual facts by practical questions aimed at the public. Their finding is this: The best known business man is only one-half as well known as he thinks he is.

Do not let this fallacious reasoning take a toll from YOUR business — advertise it.

The NEWS is a modern newspaper in every department. It has a complete telegraphic service in the editorial rooms and secures from this source the news of the entire world just as soon as it **IS** news.

The NEWS covers Beverly and the entire North Shore District in a thorough manner.

Thus when you read The NEWS you are able to enlighten yourself with the doings of the day not only from local sections, but country wide and even from foreign climes.

The Beverly Branch Office of The NEWS is located at 290 Cabot Street, where news items may be left and arrangements made for advertising from the Beverly district.

AS A REAL HOME NEWSPAPER

Advertising clubs and all successful advertising merchants agree that the most valuable asset in any form of advertising is

Name Advertising

Thus, by building up public knowledge of the name and, of course, keeping the public confidence in the goods sold, progress is made surely and business increases.

As an example, any large metropolitan store will admit that the hundreds of thousands spent in advertising are largely assets for the NAME OF THE STORE, as no single advertisement ever returns the cost of insertion in a large newspaper, in sales which can be checked up from that particular advertisement.

DIRECTORY ADVERTISING is rated Number 2, after newspapers, on the list of best available media for local name advertising. Its small cost, plus the value of the enumerated names, gives it heavy support.

A DIRECTORY

*has a large potential "consultant use,"
easily proven to be*

over a million readers a year

**ON A BASIS OF 1000 BOOKS ONLY
IN A DISTRICT.**

Consider the effect of this as NAME ADVERTISING, and do not forget that the book is commonly almost the first thing seen by newcomers in a district, who need facts and information.

Use of other substitute publication to answer queries was investigated by a special committee of the Springfield Chamber of Commerce and was found to suffer by comparison signally. The telephone book had eight names, where the Directory had a full page of names.

The lasting impression left by an advertisement on the reader's mind is the thing that counts.

People go into stores to purchase articles or to get service which they have seen uniquely advertised perhaps a year before. Good lasting impressions count heavily toward success.

There is a Fixed Cost of City Directory Production

●

There is a necessary fixed cost in production of a Directory. The City does not pay for it — the *subscribers* do.

If there were only ONE sponsor he would necessarily bear the whole cost.

If there were 1,000 sponsors each would bear 1/1,000 of the cost.

MORAL: To keep directory costs DOWN and directory service UP, do your share. Don't be a Borrower — Be Fair.

Merchants referred to as "Borrowers" of the Directory unthinkingly injure themselves in the public estimation. *Someone else has to pay for it for them.*

*A Directory Good Enough to Use
is Good Enough to Advertise in.*

The Thirty-ninth volume of the City Directory includes the towns of Hamilton and Wenham. Names in the towns in the Beverly district are enumerated with the same system and care as the city and are taken in alternate years. The net population of Beverly again shows a substantial net increase. The general directory contains 60% new or changed matter as compared with the previous issue. In the street directory of Beverly and the towns a special indicator (©) marks property owners—a modern feature, established in 1933, also the locations of telephones are shown by an asterisk (*).

Separate Maps of Beverly, Hamilton and Wenham are included with this volume.

The publishers acknowledge their indebtedness to all who have supplied information and to the advertisers whose patronage assures the city of its annual directory service.

THE SIGN OVER YOUR DOOR

Is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

If you could put a sign where everyone could see it, it would interest you, would it not?

THE DIRECTORY

is where people look for you when they want to do business. You should make it easy for them to find you by putting such information as the buyer wants in the Directory, properly indexed under all the headings where he might look for you.

To be properly registered costs less than to be left out.

PRODUCING THE PRODUCTIVE**INTRODUCTION**

Probably no city in the Commonwealth blends the old and new as well as does Beverly. Founded in 1626, Beverly has handed down to its present generation a worthy heritage of tradition and history. Not until 1900, however, did Beverly begin to show a rapid growth. Since then it has doubled in population. The recent census places Beverly slightly over the 29,000 population class. It may be truthfully said that Beverly today presents the characteristics of a modern city, while retaining the best from the customs and traditions of the past. Let us in brief enumerate the reasons why Beverly is one of the best cities in our Commonwealth.

CROWLEY & LUNT'S CITY OF BEVERLY STREET AND HOUSE DIRECTORY 1942

Giving the location of the streets, places, parks, squares, etc., and showing what other streets and places run from them or across them, with the point at which they intersect. †The system adopted for numbering the streets of the city is that a person starting at the beginning of any street and following along with the numbers, every even number will be on the left and every odd number on the right hand, with the names of heads of families and persons in business in the order of location.

The cipher (0) is used to designate houses or buildings without numbers, the dash (—) is used to show where connecting streets and avenues cross or intersect, when such intersections or crossings have no numbers, and also to designate railroad crossings and bridges, parks, etc.

When there is more than one family in a house, the down stairs name is usually given first.

Abbreviations: Ave., avenue; byd., beyond; groc., groceries; jct., junction; n., near; opp., opposite; prov., provisions; rd., road; r., rear; rep., repairing; smr., summer; s. r., summer resident; var., variety; etc., etc. Houses having erroneous numbers are sometimes enclosed in parentheses (—).

* Indicates telephones.

† Exceptions to this rule occur occasionally.

⊙ Property ownership.

CROWLEY & LUNT'S CITY OF BEVERLY BUSINESS DIRECTORY

1942

(For Hamilton and Wenham Business Directory See Back of Book)

Beverly, clean, healthful and beautifully located on the North Shore, with seven miles of the most charming views to be found on this continent, recommends itself to all classes of manufacturers and business men on account of its first-class rail and water facilities and equitable freight rates to all shipping points. Its continuous growth proves it to be the coming city of this part of the Massachusetts coast. With a valuation of nearly \$50,000,000, within its limits are scores of palatial estates, all year round, or summer villas chosen by the wealth of the nation because of the sheer beauty of this coast. The manufacturing industries comprise machinery, shoes, oil, oiled clothing, iron foundries, mattresses, planing mills, grain elevators, electric works, etc. The shoe industry, established more than a century ago, pays a large annual wage.

The United Shoe Machinery Corporation occupying one of the largest reinforced concrete factory plants in the world and employing 5,000 expert mechanics, pays a wage of over one and one-half millions per year. The Gulf Refining Company has its New England terminal here and docks its large steamships running from Port Arthur, Texas. Spur tracks of the Boston & Maine Railroad connect with all the wharves. Population of Beverly, 1942, estimated about 33,000. Eighteen miles from Boston on the Boston & Maine Railroad, Eastern Mass. Bus connections to all nearby points. Superior harbor. Three banks. Daily newspaper. Superior fire department. Good sewers. Superlighted streets. First-class public schools. Good hotels and theatres. Public school playgrounds costing over \$50,000. Modern bath house at Oceanside Park.

NOTE:—It has been found essential (as a general rule) to insert names of firms under the ONE heading only which best represents them, except in the case of patrons, when extra insertions are sometimes made.

* Patrons' insertions only under headings with asterisk.

Spelling IS Important

The United States Government has found it costly and wasteful of time to misspell proper names. Cases have been obliged to pass twice through the Senate for the simple error of spelling a first name wrong.
